Manning's Tobacco Market

OPENS JULY THE 12th!

Central Warehouse will be Open on Wednesdays and Saturdays until the Opening.

I will take in and store lugs and advance some money to help my customers gather their crops. I fully realize the condition you people are in caused from short crops the last few years, and am perfectly willing to do all I can to relieve the situation. Come right along boys and bring me your tobacco. Make the Central Warehouse your warehouse and headquarters. Let the year around tobacco man handle and look after your interest—cure and take good care of your tobacco—it is going to pay you to do this. Bring it to Cothran and get his personal Auctioneering and selling of tobacco. Experience will count in your behalf. I am awake to your interest all the working days in the year. I have made the South Carolina tobacco industry a special study for twenty-two years from the plant bed to the warehouse. I came to South Carolina in 1895 and I have worked hard to get my schooling and general knowledge of tobacco. I want every man in our tobacco territory to sell tobacco with me. I am going to work harder than ever before to make this the banner tobacco year for the Manning market. We are better prepared than ever before to handle tobacco. We have built and are still building prizeeries for the buyers to pack in. I have a warehouse situated convenient for my trade. I have the best lights I ever saw. The banks and stores are just a few steps away. I have plenty of lot room—you will not be smothered up—I have plenty of good brick stable room for your stock—I will have all these things for your comfort and convenience, and best of all you will get a good full purse and a square deal on all the tobacco entrusted to my care. I thank you in advance for your patronage,

The CENTRAL WAREHOUSE, R. D. COTHRAN,
Proprietor.
